

WORKING WITH YOUR TEAM

ATTENTION SERVERS!

TO DELIGHT & ENTERTAIN OUR GUESTS & GIVE THEM AN EXTRA REASON TO RETURN, WE'RE ADDING A BIT OF MAGIC!

PLEASE LET OUR GUESTS KNOW THERE IS A MAGICIAN HERE & LET MANAGEMENT KNOW YOUR FEEDBACK!

THE MAGICIAN IS HERE TO HELP..

- Give our customers something special when they come in to eat.
- Create an atmosphere of joy and make it a fun-filled evening.
- Help the serving staff out during long wait times, check times or if you get "weeded".
- Make a table's celebration a little more memorable.
- Enhance the guest dining experience.
- Help make you look better!

THE MAGICIAN WILL NOT...

- WILL NOT disturb your guests while they are eating.
- WILL NOT interfere with food or wine presentations.
- WILL NOT take your tips.

PLEASE CALL THE MAGICIAN IF...

- You are having longer check times on food.
- You have a table celebrating a special occasion such as a birthday, anniversary, or if they just look like they are having fun.
- If you have "regulars" or a table that looks like they need some extra attention!

QUESTIONS YOU MAY HAVE...

WHEN DOES THE MAGICIAN PERFORM AT THE TABLE?

Most often, the magician will perform at a table after guests have ordered and are waiting for their main course. The magician tries not to approach tables where there are menus, food, or a check on the table, unless specifically requested by the table and this is the only chance he or she will have to engage the group.

HOW DOES THE MAGICIAN HELP ME?

There are many specific situations where you will find the magician to be your best friend and most useful ally. If a table has ordered meals that take a long time to prepare or there is an unanticipated delay, let the magician know right away and he will try to get to the table to keep them occupied and make the time fly by. Inviting the magician to join a table for a special occasion can also make the evening a fun and memorable experience for the whole group! If you see regulars, tell the magician their names or give any extra information to make their usual experience fun and extraordinary.

CAN THE MAGICIAN HELP MY TIPS?

Because the magician has been contracted by the management and does not make a living by asking for tips, working with the magician can actually increase your tips as the customer's satisfaction level will be much higher thanks to the magic. Once in a while, a guest will insist on tipping. In these cases, the magician will accept the gratuity out of respect for the patron.

WHAT'S THE MOST EFFECTIVE WAY TO INTERACT WITH THE MAGICIAN AND GET MY GUESTS EXCITED?

When you greet your tables, let the guests know there is an amazing magician present who would be delighted to entertain them, on the house, while they relax between courses. Then let the magician know right away he has been requested. You will quickly pick up on the critical "applause times" when guests are watching closely. And when you deliver the food, the magicians knows to wrap up the show right away. After just a few nights, we will learn the best ways to work together, creating a seamless and magical experience for our guests!
